

The **blaugelb Universal Wood Screw, Pan-Head** for faster and more effective screwing alongside optimum contact pressure.

## blaugelb Universal Wood Screw, Pan-Head

For ideal screwing indoors and in furniture construction.

### Product features:

The blaugelb Universal Wood Screw, Pan-Head is used for the fast and easy connection of wood and wood elements in interior work, furniture construction and wood construction. The large screw head has a flat base and is ideal for exerting the optimum contact pressure.

Thanks to the powerful sliding coating, the screw connections can be performed more quickly and stably.

Because of its characteristics, the blaugelb Universal Wood Screw, Pan-Head can also be used to fasten fitting components.

- Pan-head for an optimum contact pressure
- For universal application, as it is available with full and partial thread
