

The specialist for **cleaning and care** of windows, doors and roller shutters made from white, light grey and grey rigid PVC.

blaugelb Cleaner PVC White

Solvent-free special cleaner for white rigid PVC surfaces.

- Non-dissolving
- Cleans thoroughly and gently
- Has an antistatic effect
- Reduces further soiling
- Solvent-free
- Highly biodegradable

Product features:

The blaugelb Cleaner PVC White thoroughly and gently cleans and maintains profile surfaces made from rigid white PVC.

The blaugelb Cleaner PVC White is suitable for all kinds of rigid white PVC parts, such as light-coloured window profiles, doors, profile material such as frames, drain gutters, baffle strips, weatherboarding and roller shutter parts, light-coloured PVC furniture and light-coloured plastic fences. For use at the assembly stage on plastic profiles and on rigid white PVC in general.

The blaugelb Cleaner PVC White in addition has an antistatic effect that imparts the surface with dirt repellent properties.

It cleans thoroughly and generally removes contamination as well as stubborn dirt such as grease, oil and nicotine.

Do not use on laminated-film surfaces – we recommend the use of the blaugelb Cleaner PVC colour instead.

Product benefits:

- Non-dissolving
- Cleans thoroughly and gently
- Has an antistatic effect
- Reduces further soiling
- Solvent-free
- Highly biodegradable

Technical data:

Basis:	Water-based, antistatic agent and surfactants

Hazard class:	None
Odour:	Fresh, citrus-like

blaugelb Cleaner PVC White	500 ml	0008443
----------------------------	--------	---------

Preparation and processing:

Shake the blaugelb Cleaner PVC White well before use and apply to the surfaces to be treated, using a clean, damp cloth made from cotton, wool or cellulose. Rub down the contaminated surfaces thoroughly, then wash off with clean water.

Before application, the suitability of the material for the intended application is to be verified through appropriate tests performed by the customer.

Delivery and storage form:

The blaugelb Cleaner PVC White is supplied in 500 ml bottles. If stored in the tightly sealed original container at between +5 °C and +20 °C, the shelf life is 24 months. Protect against heat and frost.

Disposal:

The disposal conforms with the national specifications.

Safety note:

Please note the Safety Data Sheets. Only for trade use.
