

The blaugelb Sliding Door Flush Pull oval in combination with the blaugelb Sliding Door Lever Handles HSG – a perfect pair on your lifting/sliding doors.

blaugelb Sliding Door Flush Pull oval

The perfect addition to the blaugelb Sliding Door Lever Handles.

- **High-grade materials for durability**
- **For screw fastening to sliding door lever handles in pairs**
- **Attractive and elegant on window and balcony doors**
- **Concealed screws**

Product features:

The blaugelb Sliding Door Flush Pull oval made from high-grade stainless steel is the perfect addition to the blaugelb Sliding Door Lever Handles HSG. The design with concealed screw fastening in pairs maintains the high-quality impression of the handle. The durable-design handle is fitted on the outside of the lifting/sliding door elements, for ease of opening and closing the elements when blaugelb Sliding Door Lever Handle HSG on the inside is open.

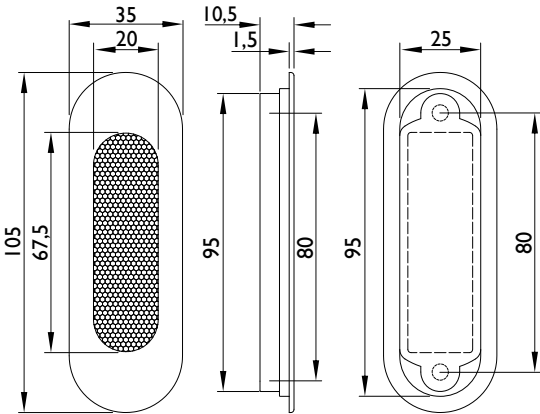

The blaugelb Sliding Door Flush Pull oval matches the sliding door lever handles of the HSG series 1000/1010/1020/1030 without perforation.

Product benefits:

- High-grade materials for durability
- For screw fastening to sliding door lever handles in pairs
- Attractive and elegant on window and balcony doors
- Concealed screws
