blaugelb Mortise Lock Class 4 building WC quiet latch

For building and entrance doors, also suitable for increased security requirements.

Product features:

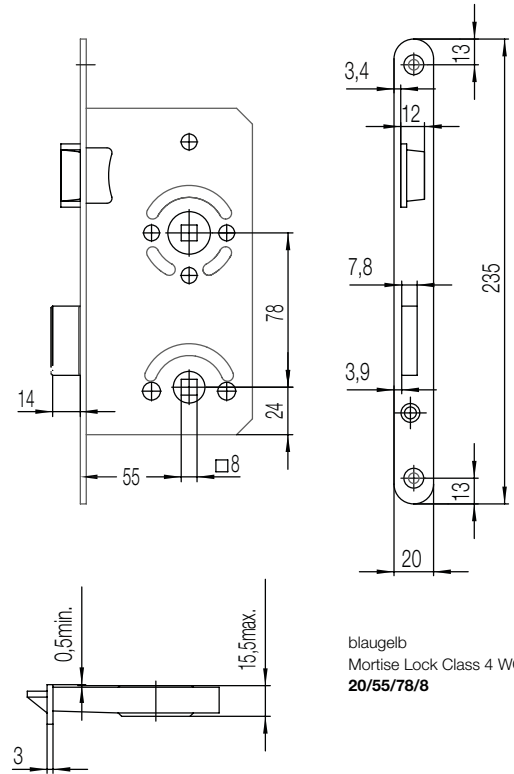

The blaugelb Mortise Lock Class 4 building WC quiet latch to building entrance standards, tested according to DIN EN 12209, is suitable for WC doors with increased security requirements and prepared with a bathroom lock, spacing 78 mm. The galvanised lock case with self-locking cover screws is entirely enclosed, has an 8 mm clamping follower that is mounted in wrought metal rings and a backset of 55 mm. The mortise lock is maintenance-free thanks to lifetime lubrication. The 20 mm faceplate of the Mortise Lock Class 4 building WC quiet latch is rounded and in matt stainless steel. The deadbolt is single-turn with a throw of 14 mm.

Product benefits:

- Classification according to DIN EN 12209
- Enclosed lock case
- Suitable for building and entrance doors with increased security requirements
- Maintenance-free thanks to lifetime lubrication
- Clamping follower mounted in metal rings
