

blaugelb Lever Handle Set ZT/DGT FS 1758 PZ Class 4

Tested safety for fire, smoke and escape doors in the property sector.

Product features:

The blaugelb Lever Handle Set ZT/DGT FS 1758 PZ Class 4 is suitable for fire, smoke and escape doors with increased safety requirements in terms of fire protection in accordance with DIN 18273 and for the property sector in accordance with DIN EN 1906 and has been tested accordingly. The supplied key rosettes (PZ), like the lever handle rosettes, also have positioning studs to ensure precise and permanent positioning on the door.

The set has maintenance-free plain bearings and a removable handle connection with ball lock. The used holding springs guarantee exact positioning of the lever handle.

The attractive, elegant Lever Handle Set ZT/DGT FS 1758 PZ Class 4 is available in fine matt stainless steel. The set is mounted by means of concealed screws (supplied).

- High-quality materials and steel substructures
- Tested in accordance with DIN 18273 and DIN EN 1906
- Maintenance-free plain bearing and holding springs for precise positioning
- Elegant appearance on the door
- Concealed screws
