

The sturdy, reliable and long-lasting component
for your internal doors.

blaugelb Frame Part RT81 WF

The solution for rebated and unrebated doors with steel frames.

- Pin-mounted design means little friction
- Maintenance-free friction bearing technology

Product features:

The blaugelb Frame Part RT81 WF is a 2-part hinge knuckle. It is nickel plated for a longer useful life and for better protection against the wear and tear of everyday use.

The blaugelb Frame Part RT81 WF features maintenance-free friction bearing technology and a pin-mounted design for less friction.

The blaugelb Frame Part RT81 WF can be combined with the following blaugelb door parts:

blaugelb Door Part FT20
Item no. 0264489, 0264484

The blaugelb Frame Part RT81 WF is suitable for rebated and unrebated internal doors in steel frames.

Product benefits:

- Pin-mounted design means little friction
- Maintenance-free friction bearing technology
