

## blaugelb PZ Ring

The attractive ring for an elegant appearance on the door.

### Product features:

The blaugelb PZ Ring is used for the concealed installation of the profile cylinder in the door element and also on wing-covering door infill panels.

The blaugelb PZ Ring must be secured with adhesive.

The blaugelb PZ Ring contributes to a modern, minimalistic appearance, as the profile cylinder can be embedded in the door.

- Uncomplicated assembly
- Elegant appearance on the door
- Corrosion-resistant stainless steel
