blaugelb FDHS 90° U-shape fire safety

Tested safety for fire, smoke and escape doors.

Product features:

The blaugelb Framed Door Handle Set 90° U-shape FS on an oval rosette is suitable for fire, smoke and escape doors with increased safety requirements in terms of fire protection in accordance with DIN 18273 and has been tested accordingly. The set has maintenance-free plain bearings and the holding springs used guarantee exact positioning of the handle.

The attractive, elegant set made of high-quality stainless steel is secured by means of concealed screws. The provided fastening solution comprises blind rivet nuts and the associated metric screws that ensure secure seating on the door leaf.

Product benefits:

- High-quality materials
- Fire safety set tested according to DIN 18273
- Maintenance-free plain bearing and holding spring for precise positioning
- Can be used on left or right
- Elegant appearance on the door
- Concealed screws
