- **Robust, hard-wearing door handle design**
- **Absolutely safe and easy-to-assemble fixing system**
- **Universal fixing system for all front door types**

Product features:

Made from a high-grade 40 x 10 mm stainless steel tube, the blaugelb Door Handle flat 40 x 10 mm curved presents a soothing, contemporary flat appearance. The front view, finely brushed and particularly wide at 40 mm, emphasises the intrinsic quality of the stainless steel material, creating a permanent marriage of design-oriented quality alongside optimum practical utility.

Made of precision-cast stainless steel, the heavy bases combine with the lavishly curved handle bar to lend the door handle a very imposing appearance while at the same time satisfying more off-beat design requirements.

The blaugelb Door Handle flat 40 x 10 mm curved has been designed in accordance with the strictest safety requirements and offers excellent resistance to signs of wear. When properly fitted on the front door or other door types, blaugelb Door handles flat 40 x 10 mm curved show no signs of fatigue even after prolonged usage. No loosening of the base on the handle bar, no dangling from the door – these are crystal-clear arguments for blaugelb door handles.

When combined with the safe and easy-to-assemble blaugelb fixing systems for different door types, blaugelb door handles are a reliable solution for the door.

blaugelb stainless steel door handles can be used without any problem on the following door types:

- On aluminium doors
- On plastic doors
- On wooden doors
